

AMITKUMAR DANDAPANI NAIDU

Cloud & DevOps Engineer | AWS | Kubernetes | CI/CD

Kalyan, Maharashtra | 9820346955 | amitkumarnaidu2@gmail.com | **LinkedIn:** in/amitkumarnaidu06 |

Portfolio: amitnaidu6103.github.io/AmitkumarNaidu-portfolio/

SUMMARY

Cloud & DevOps Engineer with hands-on experience designing and deploying scalable infrastructure on AWS using EC2, S3, Lambda, EKS, and RDS. Skilled in containerized deployments with Docker and Kubernetes, CI/CD automation using Jenkins and GitHub Actions, and Infrastructure as Code using Terraform. Experienced in building serverless architectures, automated deployment pipelines, and cloud monitoring solutions using CloudWatch, Prometheus, and Grafana. Passionate about building secure, highly available, and production-ready cloud systems following DevOps best practices.

PROFESSIONAL EXPERIENCE

Cloud Computing Intern - MagicBus India Foundation, Thane

Jul 2024 - Dec 2024

- Deployed scalable AWS infrastructure using EC2, S3, Lambda, RDS, IAM, and VPC to support cloud-based applications.
- Containerized applications using Docker and automated deployments through CI/CD pipelines (Jenkins, CodePipeline)
- Configured CloudWatch monitoring and secure networking (subnets, security groups, load balancers).

Software Application Developer Intern - Eagle Control Systems, Kalyan

Oct 2023 - Apr 2024

- Developed Java modules and implemented .NET-based real-time server-client connectivity.
- Worked on IoT projects involving device integration, telemetry, and live data communication.
- Automated debugging processes and collaborated in Agile development cycles.

Product Testing Intern - Perpetual Gravity Labs, Navi Mumbai, India

Jul 2022 - Feb 2023

- Built and tested IoT prototypes using sensors and microcontrollers.
- Prepared technical documentation and supported performance improvements.

PROJECTS

Cloud Native Microservices Platform on AWS EKS

- Deployed containerized microservices on AWS EKS using Docker and Kubernetes
- Automated infrastructure provisioning using Terraform modules
- Implemented CI/CD pipeline with GitHub Actions for automated deployments
- Configured Kubernetes auto-scaling, rolling updates, and service discovery
- Integrated Prometheus and Grafana dashboards for real-time infrastructure monitoring and system observability

Infrastructure Automation using Terraform

- Built reusable Terraform modules to provision AWS infrastructure (VPC, EC2, ALB, RDS)
- Implemented remote state management using S3 and DynamoDB
- Automated infrastructure deployment through CI/CD pipeline integration
- Enabled rapid environment provisioning for development and production environments

Event-Driven Serverless Document Processing System

- Built event-driven architecture using S3, Lambda, and SQS for document processing
- Implemented asynchronous workflows for scalable and fault-tolerant execution
- Integrated SNS notifications for automated processing alerts
- Designed decoupled serverless architecture following AWS best practices

Containerized CI/CD Pipeline with Jenkins

- Developed automated CI/CD pipeline using Jenkins, Git, and Maven
- Containerized applications using Docker for consistent deployment environments
- Deployed containerized applications on AWS EC2 infrastructure
- Automated build, testing, and deployment processes

SKILLS

Cloud: AWS (EC2, S3, Lambda, EKS, ECS, RDS, VPC, IAM, API Gateway, CloudWatch, SQS, SNS)
DevOps & CI/CD: Jenkins, GitHub Actions, AWS CodePipeline, CodeBuild, CodeDeploy
Containerization & Orchestration: Docker, Kubernetes (EKS)
Infrastructure as Code: Terraform, AWS CloudFormation
Monitoring & Logging: Prometheus, Grafana, AWS CloudWatch
Web & Backend: REST APIs, Client-Server Architecture
Programming & Scripting: Python, Java, JavaScript, Bash (automation exposure)
Networking: VPC Architecture, Subnets, Security Groups, Load Balancers, IAM Policies
Databases: MySQL, MongoDB, DynamoDB, Amazon RDS
Tools: Git, GitHub, Postman, VS Code, IntelliJ

EDUCATION

Master of Computer Applications (MCA) - Expected 2026
Swayamsiddhi Mitra Sangh's Management And Research College, Mumbai
B.Sc. Information Technology - 2024 | CGPA: 8.09
Ramniranjan Jhunjhunwala College, Mumbai
Senior Secondary (XII) - Computer Science Stream - 2021 | 85.33%
Saket College of Arts, Science & Commerce, Kalyan, India
Secondary (X) - 2019 | 69.60%
Lok Kalyan Public School, Kalyan, India

CERTIFICATIONS

- **AWS Certified Cloud Practitioner** - Amazon Web Services (2024)
- **Oracle Cloud Infrastructure 2025 Certified Architect Associate** - Oracle (2025)
- **Oracle Cloud Infrastructure 2025 Certified Multicloud Architect Professional** - Oracle (2025)
- **Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate** - Oracle (2025)
- **Java Full Stack Development** - EduBridge (2024)

ADDITIONAL INFORMATION

- **Languages:** English, Hindi, Marathi, Odia, Telugu.
